virtual interactive art / sound / dance exhibition

4 x 60 pictures / 4 x 60 sounds / 4 x 60 dancers and artists international

Dear artists

Here is the first *transit* newsletter June 2021, which will keep you up to date and curious about the transit project until the opening of the - siida performing network - website, where we will present the whole project:

“transit” virtual interactive art / sound / dance exhibition

Opening of the website is expected to be in November 2021.

Michael Gould composed 240 sounds for 240 pictures by the artist Oliver Raszewski, which were created in the 80s shortly after the fall of the Berlin Wall. The exhibition of this project was planned for October 2020 and a total of 14 dancers from all over Berlin were to perform to the pictures and sounds for the vernissage and the finissage under the direction of choreographer Nadja Raszewski. The exhibition and the live performances could not take place because of the pandemic. Then the idea arose to design the project as a digital performance and in January 2021 the first invitations were sent out to you dancers and artists from all over the world.

In May the first 60 videos from the first 60s series of images (micronauts) were actually complete and we are already sending out pictures and sounds of the next 60s series of images (spaces). Anyone who would like to produce a second video is cordially invited and can send us an “I am interested”- email at the following address: raszewski@tanztangente.de, you are also welcome to pass the email address on to artists you know and who might be interested to join.

In order to show you some excerpts from the complete works, we choose 4 out of the 60 videos every month and you can watch them at the following link:
